Two completely new chapters cover challenges of great concern to modern Law Enforcement: *Lawsuits: This is a concern of every line officer. This chapter instructs officers as to how to prepare in the event a lawsuit is initiated, providing clear-cut guidelines for testifying at trials and depositions. *Risk Management: This chapter provides a framework for installing an agency-wide, vehicle operation Risk Management Program. All book material is policy driven, in the context of an agency s own policy. You train using this book, and you train to your own policy. A Policy Worksheet Appendix provides an invaluable, step-by-step walk-through to help ensure a complete understanding of the material. A Glossary enables officers to understand vehicular jargon and all related terminology. A complete Index makes using the book quick and easy.
