

The Dutch Defence

By Neil McDonald

Everyman Chess. Paperback. Book Condition: new. BRAND NEW, The Dutch Defence, Neil McDonald, The Dutch Defence is an ambitious and underrated counter to the queen's pawn opening. With his very first move Black creates an asymmetrical pawn structure, thus unbalancing the position from a very early stage and allowing both White and Black players to fight for the initiative. Black also has many options within the Dutch Defence, from the ultra-solid Stonewall formation through to the fluid Classical System and the dynamic Leningrad Variation. In this user-friendly book, Grandmaster Neil McDonald goes back to basics, studying the fundamental principles of the Dutch Defence and its many variations. Throughout the book there are an abundance of notes, tips, warnings and exercises to help the improving player, while key strategies, ideas and tactics for both sides are clearly illustrated. The book's user-friendly design helps readers absorb ideas. It concentrates on the key principles of the Ruy Lopez and is ideal for the improving player.

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Otis Wisoky**

This publication is great. It is full of wisdom and knowledge You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
