Brand New Book ***** Print on Demand *****.t 46, disgruntled housewife Rickie Freeman has an unhealthy obsession with past-life regressions-as in the New Age kind that lead to present-life involvements. And lately Rickie has been smitten by a 29-year-old butcher at her local market. First-generation Irishman Connor Gainnes is, she suspects, a lover from some centuries-past scenario. When Connor loses his job, Rickie tracks him down and learns of his after-hours career as a pub singer. Overcome with misgivings, Rickie enlists the help of her hypnotherapist girlfriend, Sophie, to plunge into another regression of her past life with Connor - but not before psychic Sophie gives her the low-down on some sexual shenanigans Connor is pursuing in this lifetime! Overcome with worry, Rickie immerses herself in an exploration of LLI, learning, en route, about the mind-quieting amino acid GABA and its application to substance abuse. The outcome has life-altering consequences for Rickie, for her marriage to Pete Freeman, and for Connor, who shares more than just a past life with the complex and tenacious Rickie. Asking the question, What happens when a past-life love resurfaces in your present lifetime? this eyebrow-raising romance gives the titillating, fictional answer. Rickie s Regression is the prequel to author Trudi Knoedler s novel, Rickie Redeemed and reveals the genesis of Rickie s evolution from housewife to cougar...
