Praeger. Hardcover. Book Condition: New. Hardcover. 200 pages. Dimensions: 9.5in. x 6.6in. x 0.8in. The training and development function has made important contributions to the success of American corporations, but is it time now for an overhaul Sims thinks it is. Not only does his book delineate the ways in which T and D has lost touch with the times, but it also identifies the ways in which it can and must be restructured and, indeed, reinvented. It must be more responsive to customer demands and interests, it must participate in and contribute directly to competitive corporate strategies. And it must find ways to measure concretely its performance and its contribution to the corporate bottom line. Sims book is thus the first to take a corporate strategy approach to understanding and developing the T and D function. In doing so, it dissects T and D, chapter-by-chapter, and in each chapter provides practical guidance on how trainers can improve their performance and thus contribute clearly to the success of their organizations. Not only training and development people, but management in other areas will find this book thoughtful, provocative, and challenging. To accomplish this task of becoming a more active strategic partner, this book calls for the reinvention of training. Reinvention means that training professionals and their training functions must take a strategic, customer, performance improvement and accountability orientation to add more value to their organizations. After discussing the importance of reinventing training, the book turns to a discussion of the importance of ensuring that, given the organizations strategic agenda, a needs analysis of training goals and employee development needs are derived from a comprehensive analysis of the organizations T and D needs. The book stresses the importance of aligning the organizations strategic agenda and the T and D programs developed by the training function...
