

MATLAB data communications and monitoring and control application programming practice (with DVD disc 1) [Paperback]

By DENG HONG TAO

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 412 Language: Simplified Chinese Publisher: Publishing House of Electronics Industry; 1st edition (September 1, 2011). MATLAB data communications and monitoring and control application programming practice proceeding from the point of view of engineering applications through the eight kinds of typical data acquisition and control systems. including the DAQ toolbox functions based on the microcontroller. PLC. the PCI data acquisition card. the remote IO modules. USB data acquisition board. wireless data transmission module. GSM SMS modules and intelligent instruments. using the MATLAB programming language . ActiveX controls. serial IO streams and MSComm control in data collection and communications control system Typical applications: analog input (AI). analog output (AO). digital input (DI) and digital output (DO) programming method is explained. MATLAB data communications and monitoring and control application programming practice rich in content. provided examples of specific design tasks. the complete program code. focus on solving practical engineering problems. available for automation. computer applications. electrical and mechanical integration of the college students of various professional. graduate students learning MATLAB data communications and monitoring and control technologies are...

Reviews

It is an remarkable book i actually have ever study. It usually is not going to charge an excessive amount of. Your daily life period will be convert the instant you total looking at this publication.

-- **Trudie Pagac**

This pdf is very gripping and exciting. I could comprehended everything using this created e book. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about in the event you ask me).
