

## The Decommissioning Handbook

By Anibal L. Taboas

The American Society of Mechanical Engineers. Hardcover. Book Condition: New. Hardcover. 465 pages. Dimensions: 10.1in. x 7.0in. x 1.3in. This comprehensive and authoritative volume will serve as a complete introduction to those new to the field, as well as an up-to-date desk reference on regulations and resources for experienced practitioners. The handbook will provide a forum building a network of consistent approaches, practices, and results. Covering both NRC and DOE approaches, this book applies not only to decommissioning existing facilities, but by crossing the traditional lines between operations and reuse, this will also allow us to rethink the construction of new ones. The expert team of authors provides valuable lessons from their collective experiences in nuclear decommissioning. They represent areas pertaining to policy, engineering, and science. The handbook focuses primarily on time-tested and proven technologies. The text is supplemented by a Cd-Rom, which provide readers with a living resource through links to Internet-based updates containing latest information. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
