

Infinite Edgeless Four Dimension Universe: Colorful Deep Space Wonders (Paperback)

By Oreste Lombardi

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.See how the age of the universe never changes, like being 21 years old forever. Come see where the materials come from to build galaxies. Come and explore the wonders of the fourth dimension (time), which takes you behind the scenes to see what makes the universe tick. Come and explore the mystery of sentient beings, like ourselves. Their place in the universe elucidated as the scientist probes the foundations and discovers god. With that, the mysteries of sentience unfold. Where is the center of the universe? Since it is infinite, the center is where ever you are. Come with Dr. Edwin Hubble as he peers into outer space through the world s biggest telescope. He analyzes the light (signature of the elements) from distant galaxies and discovers a shift to the red proportional to distance! The discovery that makes this book possible. Feel the excitement with him. Break loose from earthly shackles that make you a prisoner of time and explore the fourth dimension. We earth bound souls have freedom of movement in only three dimensions, but...
