Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book examines the existence of five cosmic laws. These Hidden Laws can be used to our advantage by being aware of their power and understanding the impact they can have upon daily interactions. The Law of Vibration: existence of One power that provides a connection of all living things, with the universe. We are all, connected to each other, by this force. The Law of Cause and Effect: what goes around comes around. You get what you give. This law is the Karma creator. The Law of Attraction: how to use this law in order to attract anything and everything into your life. The Law of Free Will: the freedom to make choices, taking charge of your destiny. The Law of Creation: Creating reality via the thought process and language used, on a daily basis. Are your thoughts and speech sabotaging your life? Are you creating a discordant energy flow? Each of the Hidden Laws is presented and explained in simple terms. Examples are shown, to indicate the way each law impacts the lives of various people. A brief outline of my personal journey, a struggle back to health, is also included. This journey led me on a spirit quest, which led to the discovery of the Hidden Laws and the existence of life-after-death. The information presented can be used to effectively, take charge of many aspects affecting daily life. The potential for empowerment exists, by using these tools of divine co-creation. It is my goal to create awareness and understanding of these laws, to you, the reader, so that you may use them to your best advantage.
