A lot of people have said a lot of things, some supportive, some a lot less so, about what the US has done militarily around the world. This book sets out to find the facts. How many countries HAS the US actually invaded? How many countries has it been militarily involved with? What's it been doing in all these countries? It's an amazing story, with plenty of drama and quite a few surprises. Britain has invaded nearly 90 per cent of the world's countries over the course of its history. Despite not having had nearly as long a history, the United States seems to have pushed the accelerator in the invasion category.
