A TEXTBOOK OF ENGINEERING MATHEMATICS, (EIGHTH EDITION)

Laxmi Publications Pvt. Ltd, 2011. Softcover. Book Condition: New. 5th or later edition. 18 x 24 cm. The underlying object of this book is to provide the readers with the thorough understanding of topics included in the syllabus of Mathematics for engineering students. The salient features of the book are as follows: It exactly covers the prescribed syllabus. Nothing undesirable has been included and nothing essential has been left. Its approach is explanatory and language is lucid and communicable. The exposition of the subject matter is systematic and the students are better prepared to solve the problems. All fundamentals of the included topics are explained with a micro-analysis. Sufficient number of solved examples have been given to let the students understand the various skills necessary to solve the problems. These examples are well-graded. Unsolved exercises of multi-varieties have been given in a well-graded style. Attempting those on his own, will enable a student to create confidence and independence in him/her regarding the understanding of the subject. Daily life problems and practical applications have been incorporated in the body of the text. A large number of attractive and accurate figures have been drawn which enable a student to grasp the subject in an easier way. All the answers have been checked and verified. Contents: 1. Complex Numbers 2. Theory of Equations and Curve Fitting 3. Determinants and Matrices 4. Analytical Solid Geometry 5. Partial Differentiation 6. Multiple Integrals 7. Vector Algebra 8. Vector Calculus 9. Infinite Series 10. Fourier Series 11. Differential Equations of First Order 12. Applications of Differential Equations of First Order 13. Linear Differential Equations 14. Applications of Linear Differential Equations 15. Special Functions and Series Solution of Differential Equations 16. Partial Differential Equations 17. Applications of Partial Differential Equations 18. The Laplace Transforms 19. Functions of a Complex...
