BenBella Books. Paperback. Book Condition: new. BRAND NEW, Five-Year Party: How Colleges Have Given Up on Educating Your Child and What You Can Do About it, Craig Brandon, ForeWord Book of the Year Award winner "The Five-Year Party provides the most vivid portrait of college life since Tom Wolfe's 2004 novel, I Am Charlotte Simmons. The difference is that it isn't fiction. The alcohol-soaked, sex-saturated, drug-infested campuses that Mr. Brandon writes about are real. His book is a roadmap for parents on how to steer clear of the worst of them. The Five-Year Party is a useful handbook for parents to pack when they take their teenager on a college tour, and its list of suggested questions is smart. My favorite: How many of the school's professors send their own children there?" --The Wall Street Journal "High costs and debt, insufficient instruction, dangerous campuses, and poor job prospects: for too many students, a five-year college party often turns into a lifelong nightmare. The Five-Year Party is packed with illuminating stories and details about this crisis situation, and helps readers to avoid the dangers and get the most for their money." --Marc Scheer, author, No Sucker Left Behind: Avoiding the Great College Rip-Off "In one dismaying and maddening episode and circumstance after another, Craig Brandon's survey of college campuses sounds a vital warning for parents: 'The institutions and administrators you trust to foster and guide your children's formation are more interested in their pocketbooks than their intellects. Buyer beware!'" --Mark Bauerlein, author of The Dumbest Generation: How the Digital Age Stupefies Young Americans and Jeopardizes Our Future "After reading only a few pages of The Five-Year Party, I immediately started telling people about its important message. This crucial book exposes the consumer mentality now all too prevalent on college campuses, detailing how...
