Brand New Book ***** Print on Demand *****.Excerpt from Gleanings From a Literary Life: 1838-1880 Others had been in print, but can hardly be said to have been published. The larger number of them are taken from the different periodicals in which they have appeared during the last forty years. The Essay upon Classical and Utilitarian Studies is an attempt to prove that the proper end and aim of the higher education, which is sought within the walls of a University or a College, is not to impart useful information, which is best obtained from Scientific, Technical, and Professional Schools, but to develop the intellect and form the character by those liberal studies and scholastic exercises for the promotion of which Universities were first instituted. The papers upon Political Economy are almost exclusively devoted to pointing out the serious evils which menace the peace of society and the safety of property and trade, through tampering with the standard of value and the public credit by reckless experiments with the currency, and by permitting the enormous increase of national and municipal debt which has marked the financial history of the civilized world during the present century. But most of the Essays in this volume are upon philosophical subjects, and may be regarded as a supplement to the volume published three years ago upon Modern Philosophy, from Descartes to Schopenhauer and Hartmann.
